

SELF TAPE INSTRUCTIONS

Creating and submitting a self-tape audition is easy and fun. Some people perceive this process to be out of reach but rest assured it is very easy to do and professional quality video is NOT required. The important part casting directors are always looking for is the quality of the content.

Monologue Preparation

In preparation for filming your submission (mobile phone video is acceptable and encouraged) the talent should learn their monologue (more or less 30 seconds) and film in a quiet, well lit space. When you get the take you are looking for be sure to label it making it easy to access once you are ready to submit. You can upload to YouTube or Vimeo and from there you click on the SHARE option and save the URL. When submitting you can cut and paste the URL into the appropriate box.

Dance

If you already have a dance clip from a previous performance we encourage you to share that clip. Copy the URL and input it to the appropriate box. If you do not currently have a performance dance video, please follow the same suggestions given for monologue preparation.

Singing

It is important to know that you do not need to have a Pop, Opera or Broadway star quality voice to be cast in This Way To Broadway. You should pick the song you like the most and the one you are most comfortable singing. This performance can be captured on a video or audio format. Submit the clip in the same manner as Monologue or Dance.

Additional Information

Everyone must submit a monologue and either a singing or dancing video or audio clip.

Here are clips that explain how to upload your videos and keep them private protected by a password. Be sure to share the password with Thommie in the box marked "Anything Thommie Should Know".
